

# INFORMATION SHEET

## Articles

### INTRODUCTION

according to the current law regulations and standards, and in particular according to the REACH Regulation 1907/2006 (articles 3,30,33) and Regulation (UE) 2015/830, articles are neither chemical substances nor mixtures but finished product, therefore they do not fall within the classification of dangerous substance and mixtures. Therefore the safety datasheet is not compulsory nor required, for the purchase, transportation and application.

In alternative, we have prepared this information sheet; which gives further information for a safe and conscious use of MAPEI articles.

### 1. IDENTIFICATION OF THE COMPANY/UNDERTAKING

Supplier: MAPEI S.p.A.  
Head office: Via Cafiero, 22 – 20158 Milano

Emergency telephone number of the company and/or of an authorized advisory center:  
Phone: +39-02-37673.1  
Fax: +39-02.37673.214

Emergency phone numbers:

MAPEI S.p.A. - Tel. +(39)02376731 - (office hours)  
Poison Centre - Ospedale di Niguarda - Milan - Tel. +39/02/66101029

### 2. HAZARDS IDENTIFICATION

Not identified during normal terms of use and application.  
In case of fire, hazardous substances can be released during the combustion of the product

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Articles do not fall within the classification of dangerous substances and mixtures according to REACH Regulation 1907/2006 (articles 3,30,33) and Regulation (EU) 2015/830.

### 4. FIRST AID MEASURES

In case of inhalation of vapors during combustion: the patient must be removed immediately from the contaminated premises and made to breath fresh air. Consult a physician.

### 5. FIRE-FIGHTING MEASURES

In the event of fire, use supplied air respirators with universal filter U.P.  
In case of indoor or poorly ventilated environments the personnel involved must be equipped with a breathing device

### 6. ACCIDENTAL RELEASE MEASURES

Not applicable

**7. HANDLING AND STORAGE**

Storage.

Store horizontally, shelter from sun and bad weather in a dry place. Keep away from heat sources and unguarded flames. Ground wire all electrical appliances to avoid forming of static electricity. Keep appropriate extinguishing devices available.

Articles applications should follow the "Technical instructions" provided by the manufacturer, according to the principles of good technique and Safety (point 8,16).

In case of indoor or poorly ventilated applications, use the Personal Protective Equipment (point 8).

**8. PERSONAL PROTECTION/EXPOSURE CONTROLS**

During use it is recommended to wear gloves and goggles and follow the safety requirements of the workplace.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Appearance and Odor:** solid, various colors, with or without sand or roofing granules

**Water Solubility:** Insoluble

**10. STABILITY AND REACTIVITY**

Stable under normal working conditions.

**11. TOXICOLOGICAL INFORMATION**

The product may be applied with cold or heat welding. If open flame operations are involved in installing bitumen-polymer waterproofing membranes may generate the dispersion of potentially hazardous substances, among which polycyclic aromatic compounds.

**12. ECOLOGICAL INFORMATION**

Use according to correct application procedures, avoiding to release the product into the environment.

**13. DISPOSAL CONSIDERATIONS**

**Waste Disposal Method:** Dispose of contents in accordance with local regulation

**14. TRANSPORT INFORMATION**

Non-hazardous for transportation purposes.

**15. REGULATORY INFORMATION**

Not subject to regulations concerning hazardous substances and mixtures.

**16. OTHER INFORMATION**

The information contained herein is based on our state of knowledge at the above-specified date. It refers solely to the product indicated and constitutes no guarantee of particular quality. This information sheet cancels and replaces any preceding release.
