144
CHOCOLATE SF FF GG PL

To be mixed with **clean water**. For enhanced performance of **Keracolor**, mix with latex **Fugolastic** instead of water. (Refer to data sheets for detailed instructions on mixing ratio)

SF KERACOLOR **SF**
for joint widths ≤ 4mm

GG KERACOLOR **GG**
for joint widths 4-15mm

FF KERACOLOR **FF** 
for joint widths ≤ 6mm

PL ULTRACOLOR **PLUS** 
for joint widths 2-20mm

All cementitious grouts from **Mapei** are with improved characteristics in conformance to class **CG2** European Norm **EN 13888** and to class **CG2WA ISO 13007-3**

Spreading with a rubber float

Cleaning with a sponge

Final cleaning with a cloth
