

# Planiseal<sup>®</sup> MBT

High-Performance, Tape-Based  
Moisture Barrier and Primer for  
Self-Leveling Underlayments

**NEW!**

## DESCRIPTION

*Planiseal MBT* is a next-generation, high-performance, laminated, moisture barrier and bonding solution for cement- and gypsum-based self-leveling underlayments. Once applied, *Planiseal MBT* is immediately ready for self-leveler application without the need for additional primers. *Planiseal MBT* provides instant functionality, eliminating the curing time required by epoxy systems.

## FEATURES AND BENEFITS

- Ultimate moisture control and crack isolation
- Instant functionality, with no primer required
- Perm rate less than 0.1
