

MAPEI
Flexcolor[®]
Design

Bring your design vision
to colorful life

MAPEI Flexcolor Design is a professional-grade, ready-to-use (RTU) specialty grout that allows you to design your color – any color.

This product is exclusively for National Brand Accounts and Commercial Projects. For complete information on samples and ordering, contact your local MAPEI architectural representative.

The process is simple: Provide your MAPEI representative with an opaque color sample swatch measuring at least 2" x 2" (5 x 5 cm)* or choose from one of these existing fan decks:

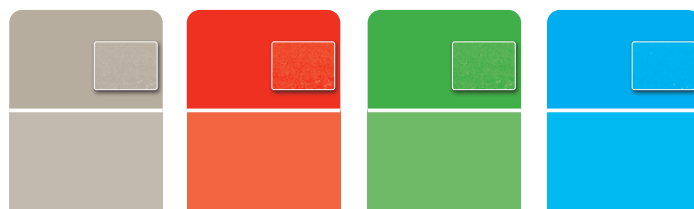

- MAPEI grout colors
- Benjamin Moore
- Sherwin-Williams
- PPG
- Glidden
- Behr
- Hugo Boss Trend Colors
- Florida Paints
- BASF MasterProtect
- Pantone
- Federal Standard 595C
- RAL colors
- NCS (Natural Color System)
- Kraft Paints (UK)

* Note: Unacceptable color samples: Textiles, metallics, phosphorescent (glow-in-dark) and fluorescent.

The ColorMap system includes a colorant dispenser, a computer with color-matching software, a spectrophotometer for measuring color and a mixing machine.

The ColorMap system will provide an accurate computer-color-matched grout to replicate your desired color.

Based on the selected color swatch, MAPEI will create the perfect color match with our *MAPEI Flexcolor Design* grout base using MAPEI's ColorMap system, featuring cutting-edge color-measuring and -matching technology.

MAPEI Flexcolor Design combines the proven MAPEI grout technology you trust with your own creativity to create your perfect color palette – and the perfect color match – every time. Other benefits of this specialty grout include:

- Stain- and chemical-resistant grout formulation, with no sealing required
- Easy cleanability, color consistency and improved workability
- Dries to a hard, uniform color surface in 24 hours and will not stain surfaces
- Non-sag formulation for vertical installations
- Crack-resistant and shrinkage-controlled formulation
- Will not promote efflorescence
- BioBlock® technology for mold and mildew resistance
- Ready-to-use straight from the pail, with no water required
- Packaged in plastic pail with screw-on, gasketed, resealable lid

- Approximate coverage: 272 sq. ft. (25.3 m²) for 12" x 12" x 3/8" (305 x 305 x 10 mm) tile with a joint width of 3/16" (4.5 mm)

All you need to provide is your design vision. MAPEI provides the technology to bring it to life.

And it comes to life quickly, taking 7 to 10 business days from design concept to reality. MAPEI will ship your customized *MAPEI Flexcolor Design* grout with a screw-on, gasketed, resealable lid.

Note: *MAPEI Flexcolor Design* requires the purchase of a complete MAPEI installation specification (surface preparation, setting material and grout). The minimum purchase order is \$1,500.00 USD.

This product is exclusively for National Brand Accounts and Commercial Projects. For complete information on samples and ordering, contact your local MAPEI architectural representative.
